Imagine how tiresome it would actually be to tidy up your own house after throwing a big party, with no assistance from cleaning machines. In the past, the time upholstery and carpets had the dust beat out of them manually; brushes, brooms and cleaning cloths were the best cleaning materials during that time. P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Starting the company in the year 1906, he started to make motors so as to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's vision from the start was to have a worldwide business marketing products internationally. The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by one individual. This creation came in a time where numerous cleaning equipment were very big and needed 4 or more operators, thus, the Nilfisk C1 transformed everything and developed the way we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning equipment offer a brilliant solution to an ongoing crisis; stuff get dirty and have to be cleaned on a regular basis, without too much effort. Slowly, the business Nilfisk-Advance expanded through the years. During the the early part of the nineteen eighties the company expanded fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the trade, aspiring to be an active global player in manufacturing professional cleaning equipment. Nilfisk-Advance is now represented in every part of the globe due to gradually obtaining many smaller companies in order to expand their product selection and presence in new markets. They are proud to present a variety of cleaning solutions to suit each and every need.
